

## Bachelor's / Accelerated Master's Transition Form

This form, once approved, allows undergraduate students, who have been accepted into an "accelerated" program, to designate how graduate level courses, taken while an undergraduate, will be applied toward their Master's program as either "Advanced Standing" or "Reserve Graduate Credit."

Name \_\_\_\_\_ Student ID # G \_\_\_\_\_  
First Last

Bachelor's/Accelerated Master's Program: \_\_\_\_\_

Term Applying for Bachelor's Degree:     Fall     Spring     Summer    20 \_\_\_\_\_

### ADVANCED STANDING

**Definition:** Graduate credit taken as an undergraduate that applies to the bachelor's degree, but can also result in an equivalent number of credit hours applied to the pre-designated master's program. This dual application of "graduate credits" can only take place after the student has earned their bachelor's degree, and been fully admitted to the master's program with verified applicable course registration. **Minimum grades of "B" are required in each course.**

Term Taken	Course Number	Title	Grade (B min.)	Credit Hours

**Total hours Advanced Standing credit (6 maximum):** \_\_\_\_\_ \*

### RESERVE GRADUATE CREDIT

**Definition:** Graduate courses taken as an undergraduate that are "reserved" for later application directly to the student's master's degree program. Graduate course work taken in "reserved" status **will not** apply to the student's undergraduate degree program.

Term Taken	Course Number	Title	Grade	Credit Hours

**Total hours Reserve Graduate Credit: (6 maximum):** \_\_\_\_\_ \*

**\*Important Note:** At least **18** of the total required credits for a Master's degree must be taken in Master's degree status, after the Bachelor's degree is awarded, which specifically excludes courses listed on this form. **More than half of the total credits** earned for the Master's degree must be taken at GMU. "Advanced Standing" and "Reserve Graduate Credit" will count toward this "more than half" requirement.
