

Mason Korea: Change of Academic Plans

Students who begin their Mason degree program in Korea typically spend two semesters (6th and 7th semesters) in Fairfax and then return to Korea to complete degree requirements. Changes to this plan need to be documented. This form guides students to visit the appropriate offices to explore the implications of a decision to alter their pathway to a Mason degree. An academic advisor or the Mason Korea Liaison can assist with this form.

G# _____ Major _____

Name _____
Last First M.I.

E-mail _____

I plan to (check appropriate box(es)):

- Extend time in Fairfax until the end of _____ (specify semester)
