Submitting a Selective Withdrawal Request

Students

The Selective Withdrawal Period applies to non-degree undergraduate and degree seeking undergraduate students only. Students without any registration holds can withdraw from a limited number of classes without any approval and at the student’s own discretion. Students who are athletes, international students, Mason Korea, or China 1-2-1 require additional review and approval from their respective offices.

1. Policies

Undergraduate Degree-Seeking students may request a maximum of three selective withdrawals during their entire undergraduate career. Student requests for selective withdrawal must be submitted during the selective withdrawal period posted in the Academic Calendar. Selective withdrawals, once requested by the student, and processed by the Office of the Registrar, are final and will not be removed at a later time.

A Selective Withdrawal will not be processed for a course in which the student has an Honor Code charge.

Withdrawing from courses will result in a recalculation of your student time status based only on enrolled courses remaining after selective withdrawal. There may be a reduction in your new time status that could negatively affect you in such areas as:

- Financial Aid – Contact the Financial Aid Office, before submitting this request, if you have questions.
- Access to certain campus facilities
- Health insurance
- Department of Veterans Affairs (VA) benefits
- On campus housing (Refer to Housing and Residence Life)
- Potential indebtedness for withdrawn courses paid by a third party (Refer to Student Accounts)

IMPORTANT INFORMATION: Credits graded W (withdrawal) do not affect a student’s GPA, but they are considered attempted credit hours. Attempted hours are used to determine a student’s Credit Level and GPA standards for determining academic standing. If your cumulative GPA is below 2.00, this withdrawal may affect whether you will be on warning, probation, suspension or dismissal. See the Academic Standing section of the Registrar’s website for further information.
